Deptford Township Police Department Open House
Saturday, April 11th, 2015 from 10:00am to 02:00pm

Come out and join us on April 11th for our next open house event! We will have several tables and displays set up in the lobby of the municipal building showcasing our various community programs and special services, and providing free refreshments and light snacks.

We will be offering child identification cards to kids between the ages of 5-15 years utilizing special equipment provided to us from the Municipal Drug Alliance.

Our officers will also have a fingerprinting station set up for any Deptford resident that needs to be fingerprinted as a condition of his or her employment.

Further, we will be taking applications for home safety inspections for Deptford residents.

Township residents will also be offered a tour of the police department, conducted by one of our experienced officers. Officers will be on hand to answer any general questions or concerns you may have regarding quality of life or community-related issues.
