The Township Engineer shall receive such compensation as may be agreed upon and determined by the Council.

2) Duties. The Township Engineer shall perform such duties as are prescribed by general law and ordinance, and in addition shall be subject to approval by a majority of Township Council or the Manager.

A. Prepare or cause to be prepared plans, designs and specifications for public works and improvements undertaken by the Township either on force account or by a majority of Township Council or the Manager.

B. Provide and maintain surveys, maps, plans, specifications and control records with respect to public works and facilities owned or operated by the Township.

C. Provide technical and engineering advice and assistance to other Township departments as needed.

D. Maintain all papers, documents, memoranda, reports and other materials relating to the administration of engineering duties of the Township Engineer within the property of the Township. Upon the termination of his services with the Township, the Township Engineer shall forthwith surrender to the Township all such property.

E. Provide services to the Tax Assessor to update the Tax Map on a current Basis.

F. Attend all Council meetings and Planning Board meetings as requested by

the Manager, and/or Township Council.

G. Provide planning and general inspection advice as directed by the Manager to other departments.

3) Capital Improvement and Public Works Contracts.

A. Prepare, review, and approve construction plans and specifications for all capital improvement and public works contracts; provide construction observation during the construction phase of such contracts; and verify work completed to authorize progress payments for contracts.

B. Provide and maintain maps, plans, specifications, surveys and other records as may be needed for public work and facilities owned and operated by the Manager.

4) Tax Map Revision. When directed by the Manager, the Engineer shall Provide services necessary to review property changes and transfers, determine their conformance with the tax map; and provide any necessary alterations of the tax map. The Engineer shall maintain, on a current basis, tax maps and the associated tax map records.

5) Review of Subdivision and Site Plan Proposals. When directed by the Manager, the Engineer shall provide the services necessary to review and make recommendations concerning various subdivisions and site plan proposals regarding their conformance or non-conformance to applicable municipal ordinances and/or the general requirements of design practice.

6) Construction Observation Services. When directed by the Manager, the Engineer shall provide the services necessary to observe, assess conformity to Approved Plans and Ordinance requirements and report upon the installation of site plan and improvements and subdivision improvements in connection with commercial and residential site developments.

7) Review and Direction Concerning Permits and Certificates. When directed by the Manager, the Engineer shall provide the services necessary to review, assess conformity to requirements and take necessary action with respect to issuance of certificates, permits, licenses and similar regulatory documents. When requested, the Engineer shall provide technical advice to other municipal employees, officials and agents concerning their review of such documents.

8) Preparation of Reports and Studies. When directed by the Manager, the Engineer shall provide the services necessary to prepare and provide detailed reports as requested by the Manager regarding feasibility investigations, economic comparisons, land use, planning, community development proposals, public works projects and functions, planning and financing schedules, and preparation of reports and recommendations concerning other matters referred to the Engineer by the Manager.

9) Judicial and Quasi-Judicial Proceedings. When directed by the Manager or when subpoenaed in connection with Municipal business to appear and testify at a deposition in judicial or quasi-judicial hearings, the Engineer shall provide the services necessary to prepare for the deposition or hearing and shall provide testimony as required.
